# Where?

Choosing a destination is often closely related to why you want to travel. It can also be as simple as:

"Wherever it's affordable"

"Wherever I can see giraffes in the wild."

"Wherever I can learn about the ancient civilizations."

"Wherever I can find the fastest roller coaster."

Begin to think about your personal goals for travel, you will refine your focus and pinpoint the passion inside.

# Travel Tips

## 1. BE FLEXIBLE

Always plan for delays and try not to get upset if things go wrong. Patience is vital when traveling.

## 2. MAKE A LIST

A few weeks before each trip, make a list of items you don't want to forget. I've learned that when I think of something, I need to write it down. Grab the ["Packing With Kids: Packing Tutorial"](#) for help.

## 3. LEARN A FEW PHRASES

A simple "Please," "Thank you," and "I'm sorry" in the local language goes a long way. I also like to learn the word for wine and coffee, but that's just me. [Rocket Languages](#) has everything you need.

## 4. BRING A SARONG.

Sarongs can be used as a wrap when you are cold, a towel, a curtain, or a piece of clothing that can be worn dozens of different ways. Solid colors are great, but if you want something that stands out, [I love this sarong](#).

## 5. BUY TRAVEL INSURANCE

A medical emergency can wipe out your savings — or even worse. [We use and trust Allianz Travel](#) for travel insurance.
